A staple in the New York region and an emerging program on the national stage, the Manhattanville College Athletic Department continues to bolster its reputation as a program on the rise in all areas: athletic achievement, academic success and overall participation.

More than 300 Valiant student-athletes (nearly 20 percent of the student body) took part in intercollegiate athletics during the 2009-10 school year showcasing the continued and rapid growth of athletics at Manhattanville. Following the successful integration of the men’s and women’s indoor and outdoor track teams in 2008-09, the program has expanded to 21 intercollegiate teams – including seven new teams that have been established or re-established since 2007 alone.

And teams at Manhattanville do not just compete, they win. Seven different programs earned conference regular-season or tournament championships in 2009-10 – a total bettered by only 13 Division III schools – and two Valiant teams (baseball and men’s golf) appeared in the NCAA Tournament. Fifteen of 21 Valiant teams earned berths in their respective conference championships last year, including conference championships for the baseball, men’s golf and men’s hockey programs. Three Manhattanville teams (men’s hockey, women’s hockey and women’s soccer) also received national rankings over the course of the year, the most in a single school year since 2004-05.

On an individual level, many Valiant student-athletes were honored in 2009-10 as well. A program-record four Valiants – A.J. Mikkelsen and Mickey Lang (men’s hockey), Katie Little (women’s hockey) and Dan Fiorito (baseball) received All-American accolades, while an incredible six players were named conference Player of the Year. Manhattanville athletes also earned two conference Rookie of the Year awards and a school-record 49 All-Conference honors. In the last 10 years, at least 30 former Valiants have gone on to play professionally either domestically or overseas.

But at Manhattanville, athletics is only one part of becoming a well-rounded student-athlete. In the classroom, Valiant athletes consistently achieve higher grade-point averages than the student body as a whole, as evidenced by the 3.120 Athletic Department GPA for the Spring 2010 semester. All but four Valiant teams recorded a team GPA of 3.000 or higher for the spring term, while a program-record 105 student-athletes were named Academic All-Conference honorees.

Community service also continues to play a vital role in the student-athlete experience at Manhattanville, as each team performs hundreds of community service hours each year. In addition to active involvement with many local sports teams and youth organizations both on and off campus, Valiant teams sponsor events such as the women’s basketball “Pink Zone” night and the women’s hockey “Think Pink” event to promote cancer awareness. As a result of these and other efforts, the school was the recipient of two Jostens/NADIII/AA Community Service Awards in 2008-09, one of only 13 institutions honored and the only school to receive two awards. The service aspect of the Manhattanville student-athlete experience plays a large role in helping Valiant athletes fulfill the college’s mission of educating ethically and socially responsible leaders for the global community.

2010-11 MANHATTANVILLE WOMEN’S HOCKEY MEDIA GUIDE
Director of Athletics Keith Levinthal

Eighth Year • Hobart ’95

Keith Levinthal enters his eighth full year as Director of Athletics at Manhattanville College in 2010-11 and continues to establish the school as a regional and national leader in athletic success and community involvement. Levinthal also serves as head coach of Manhattanville’s nationally recognized men’s hockey program.

Levinthal has led the Valiant athletic program to unprecedented heights in recent years, as Manhattanville has collected 48 conference championships — 25 regular-season championships and 23 tournament titles — in the last seven seasons alone. In that span, the program has also produced 25 conference Players of the Year, 15 All-American selections and one National Player of the Year.

The Valiants put together another very strong overall season in 2009-10, as seven different programs achieved either a regular-season or conference tournament championship. Sixteen of the 21 Valiant programs reached their conference tournament during the year, including Freedom Tournament titles and NCAA Tournament appearances by the men’s golf and baseball teams. Multiple teams ascended to new heights in 2009-10, including the men’s golf team, which won its conference title by an amazing 39 strokes, and the women’s soccer team, which achieved the first NSCAA national ranking in program history thanks to a program-record 17 wins. On an individual level, Manhattanville produced a program-record four All-Americans, six conference Players of the Year and four conference Coaches of the Year.

Manhattanville had one of the most successful seasons in program history in 2008-09, posting a cumulative department winning percentage of .548 (184-151-6), while successfully integrating new men’s and women’s indoor and outdoor track programs that raised the number of varsity sports at Manhattanville to 21. Three teams — men’s basketball, men’s tennis and baseball — earned Freedom Conference regular-season championships, while the men’s tennis and women’s lacrosse teams set new program records for wins in a season. The Valiants also produced two All-Americans, four conference Players of the Year, three conference Coaches of the Year and three conference Rookies of the Year.

In 2007-08, Levinthal guided the Athletics Department as it transitioned from the Skyline Conference to the Freedom Conference and also reintroduced volleyball and cross country programs to the school. The Valiants saw immediate success in its new conference as two teams clinched Freedom Conference regular-season championships and three programs won conference tournaments in advancing to the NCAA Tournament. The women’s hockey team advanced to the program’s third National Championship game, while the women’s soccer team reached the NCAA Tournament for the first time in program history.

Levinthal also led the Valiants to a record-breaking year in 2006-07, as six teams won conference championships and a program-record five teams qualified for the NCAA Tournament. His men’s hockey team spent 13 consecutive weeks as the top-ranked team in the nation and earned its first-ever berth in the national semifinals, while goaltender Andrew Gallant became the first Manhattanville student-athlete to be named a National Player of the Year. Six coaches were named as conference Coach of the Year, while two Valiant student-athletes were also named ESPN The Magazine Academic All-Americans. And, for the first time ever, Valiant teams won more league championships than any other Skyline Conference team.

Levinthal saw immediate athletic success during his first year at the helm, as all 14 of Manhattanville’s athletic programs participated in postseason play during the 2003-04 year.

In addition to athletic success, at the heart of every successful program lie sound resources for its lifeblood — its student-athletes. Therefore, Levinthal has made it a priority to provide the resources needed to create an environment in which Manhattanville student-athletes can achieve at the highest level academically, socially and athletically.

In 2004, Levinthal received the honor of serving on the NCAA Men’s and Women’s Ice Hockey Rules Committee. The NCAA selects 13 members to serve on the committee and only four from Division III institutions. Levinthal began his term on Sept. 1, 2004 and left his four-year post on at the beginning of the 2008-09 school year.

A 1995 graduate of Hobart College, Levinthal is committed to developing all aspects of the athletics program. In his tenure at Manhattanville, Levinthal’s agenda has included:

Student-Athlete Development - Manhattanville continues to be on the cutting edge in the total development of its student-athletes. Valiant student-athletes have exhibited a strong presence and desire to serve the New York area. All varsity teams participate in outreach activities, positively impacting numerous area youth groups, hospitals, schools and agencies.

Professionalism - Under Levinthal’s guidance, Manhattanville athletics received a much-needed face-lift. With a new website, logo, team colors and method of business, he has streamlined and energized the department. The result has been increased exposure to Manhattanville student-athletes, improved performance both on and off the field, and increased support from fans and alumni.

Exposure - Manhattanville Athletics continues to maintain a strong presence on national and regional media outlets. Levinthal has helped increase the program’s media opportunities as well as displaying the values of the Valiants constantly in the public eye.

Head Coach Eric Lang
Third Season • American International ’98

Eric Lang enters his third season as the head women’s hockey coach at Manhattanville in 2010-11 and continues to take steps toward bringing an elusive first national championship to Purchase.

In 2010-11, Lang completely overhauled the Valiant roster in his second season with the team and, despite fielding a team with just nine upperclassmen, still managed to lead the group to the program’s sixth ECAC East Conference regular-season championship. The Valiants also earned the team’s ninth consecutive top-seed in the ECAC East Conference Tournament and, due in part to its final 19-7-1 record, were nationally ranked for much of the year.

A tireless recruiter, he brought in a 16-person recruiting class before the season that included five of the team’s top seven scorers, three of the team’s six All-Conference performers and AHCA second-team All-American Katie Little. The Valiants also recorded a pair of wins over nationally ranked foes in the first semester, including a 3-2 win over #3 Elmira College and a 7-0 thrashing of eighth-ranked and eventual national runner-up Norwich University.

In his first season of 2008-09, Lang led Manhattanville to a 20-7-0 overall record and the top seed in the ECAC East Conference Tournament. The Valiant squad featured five ECAC East All-Conference performers, including ECAC East Player of the Year and second-team All-American Holly Nonis.

Manhattanville also has excelled in the classroom under Lang’s watch, putting a 19 players on the ECAC East All-Academic team in two seasons and posting a team cumulative GPA of 3.386.

Lang came to Manhattanville after spending the previous two seasons as an assistant men’s hockey coach at American International College, an NCAA Division I hockey program in Springfield, Mass. As an assistant at AIC, Lang was responsible for conducting video analysis and film breakdown of opponents and he also worked with the defense and power-play units, the latter of which improved from 59th to 31st in the nation in 2007-08. Lang’s Yellow Jacket players had tremendous success on and off the ice as well, as 21 out of 25 players earned a 3.0 GPA in 2007-08.

A 1998 graduate of American International, Lang was a four-year letterwinner for the Yellow Jackets, serving as team captain his junior and senior years. He was also the recipient of an ECAC Merit Medal as well as American International’s Henry Butova Leadership Award, which recognizes a varsity hockey player that demonstrates outstanding leadership ability. In his career, he scored 25 goals and tallied 34 assists for 59 points. As a sophomore, Lang led the Yellow Jackets with 14 assists.

Prior to his work at AIC, Lang worked for the National Hockey League as an off-ice official, assisting in game scoring and analysis. Lang also served as the Head Hockey Coach for Byram Hills High School in Armonk, N.Y. from 2002-2006.

Lang resides in White Plains, N.Y., with his wife Christine and their daughter Addison Grace, born on July 12, 2009.

First Season • Manhattanville '09

A two-year captain on the ice for the Valiants, Erin Brawley '09 enters her first season as an assistant coach with the Manhattanville women's hockey team under third-year head coach Eric Lang.

A four-year letterwinner for the Valiant women's hockey team, Brawley scored 10 goals from the point while adding 48 assists for 58 career points. ### The ECAC East Conference

One of the up-and-coming conferences in Division III women’s hockey, the ECAC East Conference has provided Manhattanville with a tough challenge since the conference’s inception before the 2001-02 season.

In recent years, the ECAC East has started to produce multiple national-championship caliber programs, as both Manhattanville and Norwich have reached the NCAA Championship game in the last three seasons and multiple teams have received votes in the USCHO.com National poll. In all, four NCAA title games have seen an ECAC East team represented, with the Valiants reaching the title game three times and the Cadets doing so in 2009-10.

Since its inception in 2001, Manhattanville has been easily the ECAC East’s most successful program, leading all current teams with six regular-season titles and seven tournament championships.
Manhattanville 2010-11 Season Preview

Several months have passed since the Manhattanville women’s hockey team was upset in the semifinals of the ECAC East Conference Tournament after the team captured its sixth ECAC East regular-season title.

For third-year head coach Eric Lang, an early exit in the conference tournament for the second straight year has brought disappointment to a program accustomed to winning. After losing key members of the team such as forward Monique Rafferty ’10, defenders Sarah Fullerton ’10 and Erin Brawley ’09, and goalie Sophia kokkonis ’10 to graduation, the feisty coach has once again gone on the recruiting trail to find a class that will bring him one step closer to returning to the NCAA Tournament.

This year’s team returns 18 players from the 2009-10 edition, led by a pair of AHCA All-Americans in senior Holly Nonis and sophomore Katie Little, giving Lang a nice nucleus of young talented players that will gel with the upperclassmen. The young players will play a vital role yet again this year, as the roster includes just six upperclassmen.

One of the important components Lang brings with him behind the bench is his ability to develop a top-ranked special teams unit. The Valiants ranked first in Division III in penalty kill with a 92 percent success rate last season. That success also translated to the Valiant power play, as the unit finished fifth in the nation by scoring 34 times with the man advantage.

For this year’s senior class – Nonis, Shannon Coffey, Erica Garcia and Jess Scioli – this year marks the last chance to get back to the NCAA Tournament, as they are the last remaining members of the 2007-08 team that advanced all the way to the NCAA National Championship game.

Forwards

Lang will return a deep core of forwards including Little and Nonis, who combined to score 40 goals a year ago. The All-American duo will be asked to once again lead the team in scoring, as Little averaged well over a point-per-game by netting 42 points in 27 games to lead all Division III rookies in goals (27) and points. Nonis, despite missing the start of the year due to illness, still had 13 goals and nine assists for 22 points as a junior and will serve as an assistant captain in 2010-11.

Coffey will captain the team on the ice this season, after the Malden, Mass., native scored 12 goals with five assists for 17 points in 2009-10. She will begin the season on the top line and is expected to bring leadership and serve as the voice of the team on the ice. Scioli is also going to take a more active leadership role as an assistant captain and may see time on the ice alongside Nonis, as the two players have meshed well together in the three seasons as teammates.

The lone junior forward on the team this season is Jackie Solomito, who is expected to be a high energy player who can be a top-six forward. Last year, Solomito set new career highs with six goals and seven assists in 19 games.

In addition to Little, the Valiants are rich in sophomore forwards who will look to build on their successes of last year. Lyndsey Schill and Sonia Occhionero finished third and fourth, respectively, on the team in points last season, as Schill registered 13 goals and 13 assists for 26 goals in 26 games and Occhionero had seven goals and 17 assists in 26 contests. Both players will be vital to the offensive attack yet again as sophomores. Classmates Mary Rose Morrison and Jessica Kehoe combined for 11 goals and 25 assists a year ago and will set up around the linemates. Hubley scored three goals with two assists for five points in 16 games as a freshman, while Keane finished the season with a pair of goals and assists in just eight games. Along with Horton, who missed 2009-10 with an injury, the players expect to see more time on the ice this year.

Lang has also brought in two talented freshmen forwards in Leahgith Hutchinson and Caitlin Beauvais, both of whom look to make immediate impacts. Hutchinson comes to Manhattanville from the Honeybaked Club team in Michigan, where she won multiple MVP awards at tournaments, while Beauvais played for the Pacific Steelers of the JWHL last year and will also get time on the ice as she continues to develop at the college level.

Defense

The Valiants return five defenders from last season and will add two newcomers to the mix in the hopes of strengthening the blue line.

Coming back for a final season is Garcia, who will be one of Lang’s top defenders as one who will be asked both to add some offensive numbers and also play a stay-at-home role at times. Her partner on defense is junior Hannah Muskego, who will wear a letter this season as an assistant captain and is going to be asked to direct the defensive unit as a leader and provide versatility.

A trio of sophomores, Lauren Nutkevitch, Erin Sidjak and Charlotte Hotaling, also are back for their second collegiate seasons and look to excel with a year of experience under their belts. Nutkevitch was named to the conference All-Rookie team last season and led all defenders in scoring with seven goals and 11 assists for 18 points. Sidjak had a goal and four assists in 20 games while Hotaling got a late start to the year and registered two goals and two helpers in 14 contests.

Lang’s two new defenders will add speed and power on the point, as freshmen Tori Pizzuto and Mallory Watts join the squad. Pizzuto will look to be an offensive defender as her blast from the point could make her a potential All-Conference candidate. Watts is the third Michigan recruit this season to transport to Manhattanville and will look for time at the point and as a stay-at-home defender.

Goaltending

The crease will be controlled by a pair of underclassmen, as sophomore All-Rookie selection Emy Cote will look to take the top spot in goal this season. Cote split time with Kokkonis a year ago and finished with a record of 8-5-0 to go with a 1.62 goals against average and .931 save percentage. Behind her, freshman Mary Evans has looked good in preseason and will challenge Cote for playing time in the cage all season long.

Schedule

The Valiants, who enter the year ranked 10th in the USCHO.com Division III National Poll, are scheduled to meet five teams receiving votes in the first USCHO poll of the season, including conference member Norwich University, who starts the year ranked fourth. The season begins on November 5 as the Valiants host UMass Boston in a rematch of last season’s season opener. The Valiants will call Playland Ice Casino for 11 games this season, but for one night will play a home game against Trinity (Conn.) College at the Terry Connors Rink in Stamford, Conn.

The race to the NCAA Tournament starts on February 26 with the first round of the ECAC East Conference Tournament, followed by the semifinals and finals rounds hosted at the rink of the top seed on March 5-6. The NCAA Tournament opening round begins on the weekend of March 11-13, with the following weekend concluding the year with the national semifinals and finals.

2009-10 Season in Review

After capturing their sixth ECAC East regular-season crown the women’s hockey team headed into the conference tournament with a notion that this was the season that they would return to the NCAA Tournament after a one-year hiatus. Under second-year head coach Eric Lang, the Valiants breezed through the conference season with a record of 16-2-1 and qualified to host the ECAC East Conference Tournament championship.

In the previous season, the Valiants were in the same predicament, hosting the conference tournament as the top-seed, but were upended by Salve Regina in the semifinals. This time around the Valiants faced off against New England College in the semifinals, and just like the year before the lower seed took the contest and advanced to the conference finals instead of Manhattanville.

In Lang’s first real opportunity to hit the recruiting trails, the coach solidified a 15-player incoming class that brought size and speed to a Valiant lineup that was injured and down in numbers from the year before. The end result for Lang saw his recruits gel on the ice with the upperclassmen and put up numbers on the scoreboard. One freshman in particular who had a stellar season for the Valiants was freshman Katie Little. The Victoria, British Columbia native finished the season with 27 goals and 42 points en route to the program’s 13th AHCA All-American selection. Also making an impact on the ice for the Valiants was a pair of freshmen, defender Lauren Nutkevitch and goalie Emy Cote, who both were named to the ECAC East All-Rookie Team.

Leadership was an important task on the team to help build Lang’s group into a powerful unit, and the coach found that in his captains: graduate student Erin Brawley and seniors Monique Rafferty and Sarah Fullerton.

The season began for the Valiants at the UMass Boston, where the squad went down by two early in the first period, before freshman Alyssa Taylor scored her first collegiate goal to start a string of five unanswered goals to give Manhattanville a 5-2 edge over the Beacons. Senior Sophia Kokkonis got her first victory of the season making 15 saves.

In their second game of the season and also the home opener, Holy Cross gave the Valiants a bit of a wake-up call as they also took an early 2-0 lead but this time held on for a 3-2 win. Nutkevitch and classmate Jessica Kehoe got the Valiants on the board as they tried to battle back against the reigning conference regular-season champs. Cote was dealt her first collegiate loss in her debut despite making 21 saves.

The following night the team responded with a 10-1 victory over Nichols at home. Little scored her first hat trick of the season, with contributions on the score sheet also from Rafferty, Fullerton, Nutkevitch, junior Shannon Coffey and a pair of tallies from freshman Lynsey Schill. Sophomore Kimmy Flanders got her first victory of the season making nine saves.

The Valiants then went on the road for a pair to secure two victories against Plymouth State and Southern Maine by a combined score of 20-1. Against the Panthers, Little scored six times to set a NCAA Div. III record and also to tie the NCAA All-Divisions record that was accomplished only twice at the Div. I level. The other six goals against Plymouth State were all scored by freshmen, as Ella Hubley, Erin Sidjak, and Mary Rose Morrison all scored their first collegiate goals. Little was at it again the next day, as against the Huskies she tallied her 11th and 12th goals of the year in only five games. Junior AHCA All-American Holly Nonis also scored in her first game of the season, as the reigning conference Player of the Year missed the team’s first four games due to an illness.

The Valiants returned home for a two-game set against non-conference arch rival and USCHO.com #3 Elmira College. The Soaring Eagles took the first contest 3-1, with Morrison scoring the only goal for the Valiants late in the third period. In the second meeting the Valiants got on the board in the opening minute of play as senior Alex Findlay scored her first of the season. The Soaring Eagles tied the contest on two occasions, but with less than four minutes remaining Kehoe found an opening in the net to give the Valiants the impressive 3-2 victory. Cote got her first collegiate victory by making 22 saves, including 11 in the second period.

A three-game road trip started with two games in which the Valiants outscored the opposition, 16-4, as they defeated Saint Michael’s, 8-1 and Norwich, 8-0. Schill added a team-high two goals in the victory over the Purple Knights, while in the middle match Rafferty netted a natural hat trick and Cote made 32 saves for the shutout in a destruction of the Cadets. In the Valiants’ final game of the first semester, the team headed up to Elmira but fell to the Soaring Eagles, 3-1, as Nonis scored the team’s lone goal in the first period.

The Valiants began the second semester with a five-game homestand and went 3-1-1. In victories over Castleton State, Neumann and Saint Michael’s, the Valiants outscored the opposition 16-1. On January 15 the Valiants hosted the first Autism Awareness Game against New England College, as the team partnered with the Ron Greschner Foundation to spread the word on autism. The Valiants gained a point in the contest, but fell the next night to Norwich, 3-2.

The Valiants finished the month of January with three impressive victories over Salve Regina, Plymouth State and Southern Maine. A 17-goal outburst against Plymouth State was the largest offensive explosion by a D-III team on the season. The Valiants continued their seven-game winning streak with victories over Southern Maine, Castleton State, Saint Anselm and Norwich. In the Norwich contest, the Valiants defeated the reigning conference champions for the second time in their own rink by the score of 7-2.

The Valiants spent Valentine’s Day weekend against the team they faced in the National Championship game two years ago, the Cardinals of Plattsburgh State. The top-ranked Cardinals defeated the Valiants in the two-game series by scores of 4-0 and 2-1 (OT).

The ECAC East regular-season championship was not decided until the final day of competition, as the visiting Valiants picked up a 2-0 victory at New England College and got some help from Southern Maine to procure its sixth regular-season title.

In the first round of the ECAC East Conference Tournament the top-seeded Valiants met Nichols and easily defeated the Bison, 11-1. In the semifinals at Playland Ice Casino, Schill scored a goal late in the first period, but New England pressured the Valiants for the remaining 40 minutes and scored a pair of goals, including the game-winning goal with 3:20 remaining in regulation, in a 2-1 upset win.

Facilities

One of the most intimidating hockey facilities in all of Division III hockey, the historic Playland Ice Casino enters its ninth season as the home of the Manhattanville men’s and women’s hockey programs in 2010-11.

Built in 1930 on the site of Westchester’s Playland Amusement Park in nearby Rye, N.Y., and the former practice home of the NHL’s New York Rangers, the Ice Casino features a 205 x 60’ ice sheet with both balcony and ice-level seating, along with spacious, state-of-the-art locker rooms, training facilities and a newly renovated player lounge.

The facility underwent a major facelift before the 2007-08 season, getting new boards that include Valiant signage, glass, benches and a net covering the circumference of the rink. Manhattanville’s many championship banners also hang from the rink’s rafters to honor the great tradition of both the women’s and men’s programs.

On game days, Playland’s balcony seating fills with rabid Manhattanville fans, who have made the Ice Casino one of the most difficult places to play in the nation in recent years. The Valiant women have boasted an .860 winning percentage in eight seasons at Playland, losing the fourth-fewest games among all Division III teams over the last eight years – including more than two home games in any season only once.

Playland Ice Casino has also seen its fair share of post-season hockey on the women’s side, as the team has hosted 18 ECAC East Tournament games and one NCAA Tournament contest in the last eight years. The Valiants have won six of their seven ECAC East Championships on home ice and also earned a 5-1 victory over Williams College in the program’s first NCAA Tournament quarter-final game held at Playland in March 15, 2003.

The Ice Casino has three indoor rinks – two were added in 1937 – including a rink exclusively for the use of children. The main ice surface is home not only to the Valiant men’s and women’s hockey teams but also to various youth teams in the area, open skating and individual lessons.

Playland was dedicated as a National Historic Landmark in 1987 and features more than 50 rides and attractions. Located along the Long Island Sound, Playland also features a beach, pool, boardwalk and pier. Owned and operated by Westchester County, Playland is the country’s only government-run amusement park.

Locker Rooms

Once the practice home of the New York Rangers, Playland Ice Casino’s state-of-the-art locker room facility has all the amenities of a National Hockey League setup and provides the Valiant hockey teams with some of the best locker room facilities in Division III.

Each student-athlete has a large, wooden locker area of his own, adjacent to a newly renovated player lounge. During post-season play, the lounge area is used for post-game press conferences and interviews, and during the regular season it is home to pizza parties for kids and also serves as a place for players to mingle and eat after all Valiant home games throughout the hockey season.

The best feature of the Ice Casino locker room may be the athletic training and conditioning areas. The Valiants’ on-site training area includes a sauna, whirlpool and full shower, and is fully staffed by the Manhattanville Athletic Training staff during all Valiant games and practices. The locker room facilities also include all of the necessary modern conveniences for Valiant hockey players, including skate sharpening and stick maintenance equipment. For the coaching staff, the area also provides plenty of office and locker room space inside the main locker room, with individual lockers for the coaches and desk space for game and practice preparation.

The locker room is located directly behind the Manhattanville bench, providing the team and coaching staff with easy access to the ice.

Valiants in the Community

The mission of Manhattanville College – to educate ethically and socially responsible leaders for the global community – promotes extensive service to the local community. Manhattanville’s student-athletes, including members of the women’s hockey team, are among the school’s most active members in furthering that mission through community service.

As with every season, the Valiant women’s hockey team will perform over 1,000 hours of community service annually, working with a variety of different groups throughout the season and offseason. This year, Manhattanville has already worked at the 2010 Burke Rehabilitation Center Wheelchair Games (pictured at right) in White Plains, N.Y., and partnered with the men’s hockey team to take part in the annual Tunnels to Towers Run in New York City, and will continue to take part in service activities throughout the season.

Manhattanville’s players and coaches are also active in the local youth hockey community as well, coaching and helping to run youth programs in Greenwich, Conn., Rye, N.Y., and New Rochelle, N.Y., among other areas.

The Valiants also donate game tickets to youth hockey teams in the area as well as to local fire departments and police stations.
Focused on the overall development of the student-athlete, the Manhattanville Strength & Conditioning staff will maximize the athletic performance of Valiant student-athletes by using the most effective and efficient training techniques to compete injury free at the highest level of competition. The aim is to instill a sense of self-discipline, respect and responsibility to achieve the ultimate goal of a team championship.

The strength and conditioning department is housed inside Healthworks, a large, state-of-the-art weight and cardiovascular training facility located on the bottom floor of the Athletic Department hub, Kennedy Gymnasium. The room includes several power development stations, glut ham benches, decline abdominal benches and physioballs and cardiovascular machines that are available for student-athlete use both in and out of season as well as during the summer.

In 2007, Manhattanville College opened the new Richard A. Berman Student Center in the center of campus that includes a first-class workout area for the general student population; as a result, Healthworks is now the exclusive strength and conditioning home of Valiant student-athletes.

THE CORE VALUES

Proudly a value-oriented liberal arts college for more than 150 years, Manhattanville is still guided by the mission "to educate ethically and socially responsible leaders for the global community."

Manhattanville is committed to following its mission by:
- Ensuring the intellectual, ethical and social development of each student within a community of engaged scholars and teachers.
- Encouraging each student to apply his or her development as an independent leader and creative thinker to career and personal goals.
- Providing a diverse campus community whose members know, care about and support each other and actively engage themselves both in the local community and beyond.

HISTORY

Founded in 1841 on Manhattan’s Lower East Side as the Academy of the Sacred Heart, a Catholic boarding school for girls, Manhattanville College has been educating students in the New York area for over 150 years.

In 1847, the academy relocated to an area just north of New York City on a hill overlooking the village of Manhattanville, and was rebuilt there after a fire in 1888.

In March of 1917, 76 years after its founding as an academy, Manhattanville was chartered as a college by the New York State Board of Regents, allowing the school to grant undergraduate and graduate degrees. Thirty-five years later, in 1952, Manhattanville moved to its current location in Purchase, N.Y., on the estate of former publisher Whitelaw Reid.

NEW YORK CITY

While on the school’s beautiful 100-acre campus, students are only a 30-minute car or train ride from New York City, blending the leisurely pace of suburbia with the rich cultural resources of the most populous city in the United States.

Manhattanville’s location offers students a unique opportunity to take advantage of all that New York City has to offer. Whether you want to enjoy a Broadway show, catch a professional sports event, tour a museum or simply take in one of its many well-known landmarks, New York City offers something for everyone to enjoy.

The school’s proximity to the worldwide leader in finance, entertainment and culture also offers Manhattanville students a unique and exciting chance for jobs and internships both in the city and in the thriving New York City suburbs, including right in Purchase!

“WHAT HAPPENS HERE MATTERS”

Manhattanville’s tradition of community and service continues today with the school’s continuing effort to ensure that “What Happens Here Matters.” Countless students are involved annually in a number of community service and social action programs.

Last year, Manhattanville’s students contributed over 30,000 hours of service while gaining valuable experience in such areas as management, teaching and advocacy.

At the heart of Manhattanville’s ethic of community service and service learning is the Duchesne Center for Religion and Social Justice. The center, which coordinates many of Manhattanville’s community service programs, promotes programs that endeavor to create a climate in which all Manhattanville College members will value an appreciation for the differences among us.

MY SOLDIER

Perhaps Manhattanville’s most well-known social action program was founded by a Valiant student-athlete: men’s soccer player Juan Salas, a naturalized U.S. citizen originally from Venezuela who saw active combat duty in Iraq and was commended for saving the life of a child during his tour. Salas said his mission in Iraq was to “win the hearts and minds of the Iraqi people,” but he continued that while the service was at times challenging, “it was the letters that kept me going. From kids, boy scouts, students. A letter was like a piece of gold, something you wanted to keep for the rest of your life.”

When Salas got back to Manhattanville, he wanted to help his fellow soldiers overseas and approached former College President Richard A. Berman with an idea. Together with Berman and administrator Anne Gold, they launched the My Soldier program on February 14, 2004.

Participants in the My Soldier program, who are not limited to Manhattanville students, send letters and occasional care packages overseas to boost the quality of life for American troops.

A non-politically affiliated program, My Soldier has been wildly successful, with participants from all 50 states and over 400,000 people in total, reaching more than 175,000 U.S. troops.
